

[Barrels, Bushings & Guides](#)

.PDF

Bushings Plugs and Guide Rods: Pistol Dynamics bushings and guide rods are CNC machined from stainless steel to exacting tolerances and superb finishes to produce extremely high quality parts. The components are the same that are used on all of our scratch built and Signature handguns.

Premium Grade Barrels: Pistol Dynamics Premium grade barrels are produced by Bar-Sto Precision to our specification. These are the same barrels we use in our high grade custom and competition handguns. They are supplied with a Pistol Dynamics stainless recoil spring plug and Match bushing that requires final fitting to the slide. A link and pin is also included. Professional fitting is required.

PD Premium Barrel Assembly - 45 ACP.....\$230.00

PD Premium Barrel Only - 45 ACP\$199.00

Bushings: Available in .698", .700" and .702" body diameter (OD) with .575 barrel diameter (ID). Custom bushings are available on special order with your specified ID and OD dimensions. The key on our bushings require final fitting regardless of ID/OD dimension.

Match Bushing and Closed Plug\$38.00

Match Bushing Only.....\$22.00

Closed Plug Only.....\$18.00

Titanium Closed Plug Only.....\$36.00

Custom Bushing.....\$36.00

ISS Kits: Our interchangeable front sight system is the only sight

installation available that is secured on all planes of the dovetail and actually enhances the accuracy of your stock 1911. The bushing assists in securing the front sight but it also is custom fitted to your barrel and slide and therefore tightens up the front end of the barrel lock-up on your gun. System Comes with Bushing, Closed Plug, Bushing Wrench and one blank front sight.

ISS Sight and Bushing System (Parts Only).....\$79.00

ISS Sight and Bushing System (Installed).....\$159.00

ISS Front Sight Dovetail Cutter: Dedicated Carbide dovetail cutter for ISS front sight.**\$74.50**

Aluminum Bushing Wrenches: CNC machined from high grade aluminum and anodized to produce an effective tool that is designed to prevent damage to your pistol. Although wrenches are intended to be sacrifice tools they have a very long useful life and are easy on pistol finishes and bushings.

Standard Wrench\$13.00

TombStone Wrench for ISS System.....\$13.00

Guide Rods: Replacement guide rods for full size 1911 and Commander are machined from 416 stainless steel and properly heat treated to withstand extended slide impact.

Guide rod - Full Size.....\$17.00

Guide rod - Commander.....\$16.00

Extended Guide Rods: Two piece guide rods for full size 1911 and Commander are machined from 416 stainless steel and correctly heat treated to withstand extended slide impact. Can be had with matching recoil plug or separately.

Guide Rod - Full Size with Plug.....\$36.00

Guide Rod - Full Size w/o Plug.....\$29.00

Guide Rod - Comm with Plug.....\$32.00

Guide Rod - Comm w/o Plug.....\$26.00
