

## Sight Systems

**Front and Rear Sights:** Pistol Dynamics rear sights are CNC machined in-house from high quality carbon steel. Available in various designs and compatible with the 'Novak' dovetail. Sights fit most 1911 pistols with the 'Novak' cut (including SIG 1911 handguns). Front sights are longitudinal dovetails and can be pinned in place or secured with our **ISS** bushing. **We strongly recommend that these parts be fitted by a qualified gunsmith .**

A) **Beveled No-Snag** - works best with flat top slides.....**\$29.95**

B) **Radiused No-Snag** - Works best with round top.....**\$29.95**

**Beveled or Radius No-Snag** - Tritium Inserts.....**\$89.95**

**Beveled or Radius No-Snag** - Fiber Optic Inserts...**\$129.95.**
